Lent 2020

Lent invites us to

STOP

PAUSE

GO

In Lent we can choose times — that work for us — to Be, to observe what is working and nurture it while discovering things we may want to do differently.

The Gospel stories invite us to notice, listen, see, and make choices.

The only “props” needed:

A Bible

paper and pencil
(to make a list to go on the fridge)

A little stone for each of us one we find or one we purchase.

Blessed Lent that prepares for a beautiful Easter Season.
