Lutheran Campus Ministry @ CU Boulder

Position: Campus Pastor

Lutheran Campus Ministry at CU Boulder is a vibrant campus ministry in partnership with St. Aidan's Episcopal Church. This ministry has developed a focus on meals and feeding students through our Tuesday evening program - Bread+Belonging. We hope to enable and empower our students to build the ministry which builds their relationship with God while meeting the needs of the community we serve.

Bread + Belonging Weekly Meal	Student Trips & Other Ministries	Student Preaching Lab
<p>This is our bread and butter, students gather each week for a meal and a place to belong. No expectations, just a meal and community!</p>	<p>We take a trip each year, rotating between staying state side and heading abroad. Our programming adjusts each year to our student population, recently including the Queer Catechism Class.</p>	<p>Our students are invited to preach at a local congregation each year! We teach them how to preach and support them in telling their stories. This is a great way we stay connected to our local congregations.</p>

Who we're looking for: We are seeking a campus pastor who will nurture students spiritual lives, build community on campus while allowing students to lead, and strengthen our partnership with St. Aidan's. Our next pastor will be effective in reaching students from unchurched backgrounds and at mobilizing students to act on issues of social justice because of their faith.
