

Summer camp 2025 Grant Report

We had another wonderful summer camp this June and are tremendously grateful for the support of the High Plains Region. The children deepened their relationships with one another, learned spiritual practices, and had fun.

This summer 19 children came to camp- a small but significant increase. We had the camp a bit later in June so that all the school districts around us were out of school. All but one of the families who attended last summer and we had 5 new families including several from the community. This year we focused recruitment by paying for a Facebook ad and banner, as well as posting on various websites.

We again had a strong core of volunteers from the church both who helped regularly and who offered different activities. We went hiking, swimming, did dance and music and had arts and crafts and Bible study. The kids really enjoyed it! As happened last year, all the kids and parents wanted to know why we don't offer camp every week. And by the end of the week, the volunteers were glad it was only once a week!

As you can see, we did not spend all the grant this year, so our plan is to keep the remaining balance to use for summer camp last year. Please let us know if you would prefer we return the funds.

Finances

Income	2848
Grant from HPR	2500
Enrollment fee (\$5 per kid)	95
Balance from last year	253
(Additional in-kind donations covered meals and snacks- approx. \$750)
