

**2026 CHURCH ASSISTANCE GRANT
COMPLETION REPORT
SUBMITTED BY: ST. PHILIP & ST. JAMES CHURCH**

We received a Church Assistance Grant (\$3,500.00) to replace seven (7) old and inefficient toilets and cleaning of our clay pipe sewer line.

Toilets

The following work was completed by Robert Midroy, a licensed plumber:

- Installation of seven (7) toilets manufactured by Glacier Bay. These toilets use 1.28 gal. of water per flush and have a power flush mechanism, elongated bowls, and are chair height.
- Installation of new wax rings and hold down bolts.
- Installation of new ¼ turn brass shut off valves.
- Installation of new braided stainless steel supply lines.
- Relocation of ADA grab bar at one location.
- Disposal of old toilets.

The cost of this toilet work was \$4,900.00

Sewer Line Cleaning

Work was performed by “Certified Sewer Inspection” based in Brighton, CO.

The sewer line was cleaned from dual cleanouts in the parking lot back to the church and forward to the sewer main.

The cost of the sewer line cleaning was \$195.00

Total Cost \$5095.00
